

IKS successfully completes ISO 9001:2008 External Audit for 2013

August 12, 2013

Mumbai, India. August 12, 2013: Inventurus Knowledge Solutions is pleased to announce that we have retained our ISO certification for the third consecutive year running for our Mumbai Facility by successfully completing the ISO 9001:2008 external audit for 2013. Earlier, in May 2013, we also successfully completed the ISO 9001:2008 external audit for our Hyderabad Delivery Center. ISO 9001:2008 sets out the criteria for a quality management system and is the only standard in the family that can be certified to. Using ISO 9001:2008 helps ensure that customers get consistent, good quality products and services, which in turn brings many business benefits.

Inventurus quality policy “We commit to create sustainable economic value for our customers through the on-time delivery of defect free solutions to customers requirements and the continual improvement of the processes that adhere to international standards” underlies and reaffirms our growing need to maintain the highest standards of compliance and strict adherence to ISO guidelines.
